## OBJECTIVE

---

To pursue a challenging career and be a part of a progressive organization that gives scope to enhance my knowledge, skills and to reach a pinnacle in the computing and research field with sheer determination, dedication and hard work.

## EDUCATION

---

**Bachelor of Technology in Computer Science, GLA University, Mathura**

Pursuing

**Intermediate, DAD Inter College, Agra**

May 2019

**High School, St. Andrews Senior Secondary School, Agra**

May 2016

## INTERNSHIP EXPERIENCE

---

**JOVAC, Data Science, GLA University Mathura**

June 2021-July 2021

Intern

- Build a project on Breast Cancer Detection with given data Using Python in Jupyter Notebook.
- Presented to Jovac Team and Trainers with a proper certificate.

## PROJECTS

---

**GLA University, Mathura**

**Breast Cancer Detection**

- Implemented project on Breast Cancer Detection with given data Using Python in Jupyter Notebook.
- Import Numpy in Jupyter Notebook selects the data from the Sklearn database.
- Build a basic Mortgage Calculator for basic calculations like Addition, Subtraction, Multiplication, and Division.

**MINI (I) Project GLA University, Mathura**

**Blood Bank System**

- A project which is used to provide information about patients, donors, campaign and hospital request.
- This project is based on technologies HTML, CSS, SQL, PHP and Java Script.

**MINI (II) Project GLA University, Mathura**

**House Rental System**

- A project which is used to provide a House Rental, Register, Details/Update, Complaint, Send SMS.
- This project is based on technologies HTML, CSS, SQL, PHP, DATABASE.

## SKILLS

---

**Technical**

- **Programming Languages:** Knowledge of Java, Python, and C programming Languages.
- Data Structure, Object-oriented programming and DBMS. know about Computer Networking.
- HTML, CSS, Java Script, PHP, SQL, React Js.
- **Frameworks:** Hadoop, MongoDB.
- **Platforms:** Windows and Linux.
- **Version Control:** Git & Github.
- **Certified Courses:** C, Python, Java, PHP, SQL, AWS, JOVAC

**Professional**

- Time Management, Decision Making, Responsible.
- Ability to identify and Solve Problems.
- Leadership Skills, Creative, Communication Skills

**EXTRA/CO-CURRICULAR ACTIVITIES**

---

- Elected as a Student member of Abacus Computer Society
- Participated in MILAN (Cultural Fest, GLA).
- Attended workshop on Fullstack Development, Ethical Hacking, Internet of things, etc.
- Participated in Step To Code Participate (Coding, GLA).
- Participated in “Introduction to web Development (HTML, CSS & JS)”.
